

**20th Annual
New Jersey Women's and Gender
Studies Consortium**

**Undergraduate Research
Colloquium**

**12 April 2024
Drew University**

The New Jersey Women's and Gender Studies Consortium is a state-wide forum for discussion and support of all aspect of the functioning of Women's and Gender Studies Programs. The mission of the NJWGSC is to ensure the continued strength, visibility, and development of interdisciplinary women's and gender studies at universities and colleges in New Jersey. The Consortium stands as the formal organization of women's and gender studies programs, departments, and initiatives across New Jersey. The Consortium also serves as a network of WGS programs, departments, and initiatives, and provides collaborative spaces where WGS students, staff, and faculty can share resources, knowledge, and strategies for achieving our common goals of feminist, multicultural education, research, and practices for social justice.

Encourage your institution to become an Institutional Partner of the NJWGSC by either renewing your past support or joining the 15 public and private, two-year and four-year colleges and universities that support the NJWGSC. Your partnership with the New Jersey Women's and Gender Studies Consortium shows both the community you serve and the State's higher education community that your institution values women's and multicultural educational transformation and is committed to supporting the Consortium's work, both philosophically and fiscally.
